

TWENTY-THIRD YEAR.

DECATUR, ILL. FRIDAY JULY 4, 1902.

NO 79

## PEACE DECLARED

PRESIDENT ROOSEVELT ISSUES  
PROCLAMATION ANNOUNCING  
END OF HOSTILITIES.

## AMNESTY TO ALL PRISONERS

But Not to Those Who Have Violated  
the Laws Since May 1st—Text of  
the Proclamation.

Washington, July 3.—President Roosevelt has formally declared the restoration of peace in the Philippine archipelago, has placed the islands under complete civil control, and extended general amnesty to the Filipinos who have been in rebellion. These three things, marking one of the most important chapters in the Philippine story, were accomplished through two separate orders and proclamations issued by the president over his own signature extending amnesty; one through the Secretary of War Root to the military forces, and the other through the Secretary of the Interior to the civil authorities. The proclamation takes the shape of a general order addressed to the army of the United States in which Secretary Root takes occasion to express the president's high appreciation of the work it has accomplished, both in Cuba and in the Philippines.

IN INSURRECTION.

The proclamation relates the Philippines were in insurrection against Spain since April 1900, and since the cession of the islands have resisted the authority of the United States. It is in the course of the insurrection many lawless acts were committed by those engaged therein, and it is with the benevolent purpose of the United States toward the Filipinos and of its endeavor to peace, order and loyalty among them, and to relieve from punishment for participation in these insurrectionary and unlawful acts committed during the course of the insurrection, and pardon the present and future.

REFUSED TO ACT.

Federal Judge at Indianapolis Do-  
To Issue an Injunction.

Indianapolis, July 3.—The argument in the bankruptcy case before the federal court closed today. H. S. Robinson, attorney for the Chicago board of trade, appeared most of the day in showing that the board does a legitimate business and is therefore entitled to the protection of the court.

LAKE YACHTMEN

Have a Thrilling Experience in a  
Storm Off Racine.

Racine, Wis., July 3.—The crews of the yachts, Racine, Nona and Illinois, had a thrilling experience during a storm off Racine last night. The crew of the Racine were jammed overboard and were rescued by the crew of the Nona. The other two yachts arrived today safely.

Fatal Sunstroke.

St. Louis, Mo., July 3.—Thomas Roach of Cleveland, Ohio died this afternoon as a result of a sunstroke.

## OUTLAW TRACEY RULED BOAT

Oregon Desperado Compels Captain  
And Crew To Carry Him Up The  
Sound.

## NEVER RELAXED HIS VIGILANCE.

Seattle, Wn., July 3.—Captain Clark of the steam launch H. and S. today gave a thrilling account of the trip of himself and crew up the sound yesterday in company with Harry Tracey, escaped Oregon convict, who at the point of a rifle forced all hands to embark and pilot him northward. For nearly ten hours Tracey was commander by virtue of force, finally abandoning the boat and escaping into the woods.

BATTLE AFTER LANDING.

Tracey, the escaped Oregon convict, in battle with a Seattle posse near Bothell this evening shot and killed Charles Raymond, deputy sheriff from Everett, and dangerously wounded Deputy Sheriff Williams, of this city. Carl Anderson, a newspaper man, was slightly grazed on the arm. Louis Seefelt, another reporter, was wounded in the face.

HE MUST REISGN.

Governor Yates Gives Notice to  
O'Donnell of Cook County.

Springfield, Ill., July 3.—Governor Yates today requested the resignation of P. H. O'Donnell as public administrator of Cook county. The governor's letter was brief and was as follows:

PITTSBURG'S BIG DAY.

Will Celebrate In Old Fashioned Style  
—President There.

Pittsburg, July 3.—Nearly a million people tomorrow, "rain or shine" will take part in the biggest program for the biggest day Pittsburg ever saw. Patriotism was never more manifest. The decorations in honor of the president who will be the chief guest and who will deliver an address, are on the most elaborate scale ever arranged here, and all arrangements are perfect for a great celebration.

SHAREHOLDER NON-SUITED

And Must Pay 500 Francs For Prejudice  
Against Panama Company.

Paris, July 3.—The shareholder of the old Panama company, who opposed to the decision of the civil tribunal approving the eventual cession of the property to the United States today was non-suited by the court which condemned him to pay 500 francs damages for prejudice he had caused the new company by his improper action.

Treaty of Amity.

Washington, July 3.—Secretary Hay today received a cablegram from Minister Storer at Madrid announcing the Spanish minister of foreign affairs and himself had today signed a treaty of amity between the United States and Spain.

## THE PRIAR LANDS

PROPOSITION TO PURCHASE BY  
THE UNITED STATES SUB-  
MITTED TO VATICAN.

## THE POPE READS THE NOTE

All Payments Would Be Made in Eight-  
teen Months—Friars Must Leave  
the Island.

Rome, July 3.—Major Porter today delivered Governor Taft's note personally to Cardinal Rampolla, who conversed cordially with him at some length, expressing the hope that the negotiations would be concluded in time to allow Judge Taft to leave Rome July 23. The pope read the original note which was immediately manifested for the benefit of the committee of cardinals having charge of the matter.

FIRE ALARMS.

Report of the Insurance Commissioner  
Places Decatur Fourth.

Springfield, Ill., July 3.—The report of the committee on statistics of the national board of fire underwriters, just issued, has some figures of much interest to the general public as well as the insurance men. According to this report Decatur ranks third among the cities of Illinois with a population of 29,000 or over in the number of runs made by the fire department last year.

FLOODS IN IOWA.

Des Moines, July 3.—The heaviest rainfall reported to the Iowa weather bureau in years occurred last night, in several places taking the form of a cloudburst. At Iowa Falls three inches of rain fell, half of Waterloo was flooded by 3.47 inches of rain; at Charles City, 2.15; Iowa City, 1.57 and Maquoketa, 1.02 inches. Heavy rains fell all over the central part of the state and many miles of railways were washed out.

## CONFIDENCE IS RESTORED

London Public No Longer Hout Bul-  
letin Board At Buckingham Pal-  
ace For News.

## FIJIS CHANT SPECIAL HYMN.

London, July 3.—Everything points to the satisfactory if somewhat prolonged convalescence of the king. Only a small crowd haunts the board at the Buckingham palace which is an indication the public confidence is restored. Only one physician remains at the palace throughout the night. A number of the coronation guests have left London today, including the crown prince of Norway, and Prince Komatsu of Japan.

tionists in Venezuela.

Port of Spain, Trinidad, B. W. L. July 3.—News has reached here that after three days of fighting the town of Barquisimeto, Venezuela, has been captured by the revolutionists under General Luciano Mendoza.

THE ARKANSAS WAY.

Two Men Resist Arrest and Die—Offi-  
cer Fatally Wounded.

Pine Bluff, Ark., July 3.—Two men are dead and a third is dying as the result of an attempt by Constable McRuth to arrest Arthur and Garfield Kilgore at New Edinburg. The Kilgores resisted arrest and a fight followed, they drawing knives and McRuth a revolver. Both of the Kilgores were killed. McRuth was mortally wounded. The officer is in his room and his house is surrounded by the Kilgore friends and at the last resort shooting was general.

THE POSTPONEMENT.

Of the St. Louis Exposition Announced  
In A Proclamation.

Washington, July 3.—The president has issued a proclamation in accordance with the act of congress, announcing to the world the postponement until April 30, 1904, of the opening of the Louisiana purchase exposition at St. Louis. The president, after reciting the provisions act relating to the exposition and causes for its postponement, makes the proclamation that the exposition will be opened "not later than May 1, 1904, and will be closed not later than December 1 of that year."

## WESTERN RAINS

MAKE THE CROP SITUATION  
PROBLEMATIC, AND ACT AS  
A CHECK ON BUSINESS.

## WEATHER TOO WET AND COLD

Bradstreet's report On The Condition  
of Trade—Change Expected In  
Big Coal Strike.

New York, July 4.—Bradstreet's tomorrow will say: The weather and crop conditions have been first in evidence this week, diverse influences affecting different sections to help or depress the trade. Throughout the northern half of the country from the Atlantic coast to the Rocky Mountains, except in some parts of the north, cool, wet weather has injured or arrested the crop developments, hurt retail distribution and checked re-orders and fall business with the jobbers. Warmer dry weather is imperatively needed in the northern and western sections of the country if summer trade is to reach its full development.

STORMS IN MICHIGAN.

Cause Washouts on Railroads and  
Trains are Ditched.

Grand Rapids, July 3.—A tremendous downpour of rain early today has done great damage throughout southwestern Michigan. The fruit crop suffered a tremendous loss. Wires are down and information is hard to obtain. All railroads running out of Grand Rapids except the Pere Marquette are tied up by washouts. A Grand Rapids & Indiana passenger train ran into a washout at Belmont and the engine and several cars were derailed. Engineer Coleman of this city was seriously injured. The storm was most severe in the area about thirty miles north and southeast of the city.

FRENCHMEN FAILED

In Their Scheme To Travel On Foot  
Around The World.

Nome, June 19, via San Francisco, July 3.—Capt. Cottle, of the whaler, William Bayless, reports the successful journey of Harry Wendell and George Harding, who left Paris last December to journey over land to America. They were found in an uninhabited country on the shore of Behring straits. When they reached the straits, the ice had gone out and they could not cross to complete their journey.

EIGHT ESCAPE JAIL.

Clever Crook Uses Mirror to Pick Big  
Jail Locks.

Parkersburg, W. Va., July 3.—Eight prisoners escaped from the county jail late last night. A man who gave the name of Martin Keeler, but whose real name is Kane, who was awaiting trial for postoffice robbery, picked the lock. Among those who escaped was John Kyle, charged with murder. J. W. Kline, another alleged postoffice robber, returned after he had visited several saloons and had a few beers. He said he only got out to get a drink. Kline says Keeler put a mirror on the end of a broomstick and put the broomstick through the bars in such a way that from within the cell he could see the lock outside. Then with a wire and another broomstick with notches in it, he turned the combination, opened the door, revolved a wheel that freed several big bolts and required much strength to turn, then opened a key lock and walked out. The turnkey was supposed to have been in the jail while this was going on, but knew nothing of it.

Yacht Races.

Bridgeport, Conn., July 3.—Two triangular races and two races to the windward and return, were sailed today in the series to select a challenger for the Seawanhaka cup. Teumseh won the Seawanhaka races and Crusader and Seers won one each of the windward and leeward.

Civil War Vet Dead.

Sedalia, Mo., July 3.—Colonel Richard Ritter, who was a captain in the Twenty-eighth Illinois infantry during the civil war, died tonight, aged 79 years.

Cholera Report.

Manila, July 3.—In Manila today forty-nine fresh cases and thirty-three deaths of cholera were reported. In the provinces 199 new cases and 147 deaths occurred.

Harrisburg, Pa., July 3.—Twenty strikers were arrested at Williams-town today for interfering with the non-union men at the mines of the Lykens Valley company. Last night the strikers took two non-union men from work and marched them to their homes after forcing them to agree not to return to work.

STREETS SPRINKLED

With Poivre As Result Of A Colli-  
sion With Vender's Stand.

The slow wagon of the itinerant perfume vender who has been holding forth at the Barnett corner on East Main and Water streets, was upset Thursday morning by a team hitched to a dray, and bucketful of the bouquet of lavender and other pungent perfumes splashed with the dust of the street. There is certainly some virtue in the stuff for in a few minutes the odor had spread for a block each way and up to the top stories of the Powers and Minkin buildings, bringing the office girls to the windows.

OVERCOME BY HEAT.

Ben Doty Had to Be Taken Home From  
the University Building.

Ben Doty, a brick mason working on the Jam's Millikin university building, was overcome by heat yesterday afternoon. He was taken home by Joseph Stipes. For a time Doty's condition was regarded as serious, but it is thought that he will recover without serious consequences.

COUR DE LEON INSTALLATION.

Cour de Leon Lodge, Knights of

# MONUMENT FUND

The Offerings of Citizens of Macon County Will Be Forwarded to Chicago Today.

## MACON COUNTY'S CONTRIBUTION

Was a Trifle Larger Than the State Committee Had Figured On.

Today Postmaster Calhoun will forward to Alexander Revell, chairman of the Illinois auxiliary of the McKinley Monument association, \$2,000 for \$10 subscribers to the monument fund. In a letter received from Chairman Revell some time ago, the statement was made that Macon county was expected to contribute \$20,000 in order to make up the quota which it was desired to raise in this state. Chairman Revell also said that the belief was entertained that the Illinois would be the largest contributor to the fund, and that the state of Illinois had been expected to contribute \$25,000.

When the matter of building a monument to the late president was first mentioned the public school of Macon county contributed \$200. Macon county gave a life-size statue of President McKinley to the monument fund. The statue was shipped from Macon county and is now on its way to the various states.

The statue of the president and the money contributed by Macon county will be used to build a monument to the late president. The statue will be placed on a pedestal and the money will be used to build a monument to the late president.

At the Macon bank there was a subscription of \$200. The Citizens bank \$150, at the Commercial National bank \$125, at the White Hall bank \$100, at the Macon bank \$50. Accompanying the subscription Postmaster Calhoun will send in a complete list of the names of the donors and every one who gave anything to the project will have his name inscribed on the roll of honor.

### TO INDIANA.

Asa Crandall Was Husted To Indiana To Be Cared For.

Wednesday forenoon Deputy Sheriff Wilson started for Indianapolis having in charge Asa Crandall, the young man who was taken into custody in this city about a week ago. Crandall is insane. There was no question about that and the authorities recognized the fact that he should be sent to an asylum but as he was not a resident of this state they wanted to avoid saddling the expense of his care on the people of this county.

In his last interview Crandall said that his home was in Indianapolis. Letters and telegrams were sent to that place and Wednesday a letter came from an uncle of the young man. This uncle lived at Newcastle and said that the boy's father lived in Indianapolis but that he had so little of this world's goods that he was unable to bear the expense of caring for the afflicted young man. That much of an admission was all that was wanted here, that Crandall was a resident of Indiana and he was made to get him to that state where the authorities will make such disposition of him as they deem best.

### Deaths Recorded.

J. W. Hurrell to C. M. Elliott lot 12 in block 7 in time mound \$200.  
J. M. Hurrell to R. R. Montgomery and John Church a tract 17x187 feet in section 13, township 16, range 2 east; \$1.

Martin Hill to S. Elwood Fisher lot 5 in block 8 in section 13, township 16, range 2 east; \$1.  
J. B. Kitchin to Margaret R. McRoberts lot 6 in block 3 in Cassell's 6th addition to town; \$1000.  
E. S. Edmunds to Herman and Geo. Cost lot 7 and 10 in block 2 and lots 16, 17 and 18 in block 3 in Montgomery's addition to time mound; \$1.

### Pumped Out Cellar.

Eleven feet of water was pumped from the cellar of the new Pratt and east of the city. All work was suspended until the water could be removed. Two steam pumps, a hand pump and several other smaller ones were used in the operation. The water under the storage room was not pumped out yesterday afternoon although a large force of men were working.

### Improve Church Property.

Recently the Grace Methodist church has been undergoing extensive repairs. The church has been painted on the outside and presents a neat appearance. The lawn surrounding the church has been sodded and leveled and flower beds have been made. The general appearance of the church has been made fifty per cent better and people who passed there yesterday were enthusiastic in their praise.

### Still Improves.

The reports from John Brandenburg say that he continues to make steady progress toward recovery. Brandenburg is the man who was injured two weeks ago by a big hay fork falling upon him and passing entirely through his body, puncturing one of his lungs.

## REVENUE COLLECTIONS.

Figures for 1901-1902 in This District Trifle Over Previous Years.

The collections of internal revenue for the eighth Illinois district for the fiscal year ending June 30, 1902, were but \$16,493.29 in excess of those of the previous year ending June 30, 1901. The collections by months for the two years were as follows:

	1901-02.	1900-01.
July	939,520.98	\$ 825,611.32
August	847,682.34	771,243.33
September	778,345.29	714,923.79
October	1,347,968.54	1,016,557.87
November	949,208.70	957,179.93
December	881,511.12	1,165,621.55
January	861,988.72	896,719.17
February	1,049,131.25	947,118.14
March	961,232.36	895,799.95
April	865,245.07	827,679.90
May	745,568.92	785,835.81
June	731,917.71	801,668.37

Total \$10,691,879.11 \$10,613,216.85  
Collector of Internal Revenue Isaac R. Mills on Monday shut down on the sale of the treasury war tax stamps, and all those having such stamps on hand may not be able to get rid of them until the next two years. Hereafter there will pay \$1 per barrel as under the old law, and the former rates of manufacturers of tobacco will be increased. All other provisions of the act of June 13, 1898, and its amendments will pass into force except as to the new law, which will be imposed for three years until Jan. 1 next.

The loss in revenue in this district by reason of the partial repeal of the war revenue tax, which went into effect July 1, 1902, was about \$200,000 for the year and collector Mills estimates that the further loss of revenue from the total repeal of the tax will be about \$250,000.

## CIVIL SERVICE POSITIONS.

Examination of Applicants for Various Departments to Be Held.

The United States civil service commission at St. Louis on August 11, 1902, an examination will be held at the government building in Springfield for the position of teacher in the Indian service. On September 10, 1902, an examination will be held for the position of Japanese interpreter under the immigration service at Honolulu. On August 12-13 an examination will be held for the position of interpreter of Arabic, Turkish, Persian, Greek, French and French languages in the immigration service. On the same dates examinations will be held for the positions of hydrographic surveyor and miscellaneous computer in the navy observatory.

Persons who desire to enter these examinations should at once apply either to the United States civil service commission at Washington, D. C., or to C. W. Foster, secretary of the local board of examinations at the post-office—Springfield Register.

## STILL RISING.

Sangamon Away Up But Three Feet Below the Mark of 1898.

From the effects of the rains here and north of here the Sangamon river is still rising. It is thought that it will begin to recede to day if no more rain falls. From the water works last night it was reported that the river was at least three feet below the high water mark established in 1898, and it is not believed that this mark will be reached. The men at the works, however, have an additional burden imposed on them. The water is soaking into the works and it is necessary to keep a pump going all the time to keep it out.

Hundreds of people visit the river every afternoon and it is quite a sight to those who knew the Sangamon only as a narrow winding little stream. Many acres of corn in the bottom lands under water and it is expected that the crop will be a complete loss.

## Pledge \$1000.

At the special meeting of the Ladies' Aid society of the Tabernacle church of Christ \$1000 was subscribed toward the proposed new building. The ladies will serve dinner at the Tabernacle, Tuesday, July 23, and are planning for an "experience" social to be held some time in August.

On Tuesday, July 23, Mrs. John Clark will entertain the general society and all friends of the Tabernacle church of Christ at her home, 211 West Decatur street.

## Will Sink Well.

J. C. Huffman left this week for Sullivan, Ind. where he has a contract to put in a well for the city water department which will cost \$2100. The method used will be the one recently patented by Mr. Huffman. He has organized a company with himself as engineer and C. S. Haudus as manager to put in these wells. He has leased his Fairport well factory at Pana on very favorable terms and will devote his time to his new enterprise.

## Bryan Will Not Come.

William Jennings Bryan will not be able to speak at the Decatur Chautauqua. During that week he will be in the east. His secretary misunderstood the message of inquiry and erroneously stated that he could come.

The superintendent was kept busy yesterday setting up with the ticket sellers owing to the fact that from now on the season tickets will be \$2.

## D. T. Littler's Estate.

In the Sangamon county court in the matter of the estate of the late David T. Littler, letters of administration were issued to his son, Col. Stephen L. Littler; bond, \$25,000. Senator Littler now will. His personal property amounts to \$12,500 and he was possessed of 2000 acres of land in Sangamon and Logan counties.

# A LONG SESSION

What Was Done by Congress in the Session Which Has Just Adjourned.

## SUMMARY OF THE MEASURES.

Made Largest Single Reduction in Revenues Ever Known.

Congress has practically completed the work of the first session, and during seven months of exceptional activity most of the important measures proposed have been enacted into laws. The notable exception was the Cuban reciprocity bill, which met defeat despite the efforts of the administration to secure its passage.

IMPORTANT MEASURES PASSED.  
Among the measures adopted is the isthmian canal bill, which consummates the efforts of half a century to link together the waters of the Atlantic and Pacific. Aside from its national and international importance, this bill probably involves a larger sum of money than that covering any other single undertaking by this government outside of war expenditures.

The Philippine civil government bill is another measure of far reaching importance, extending to the islands a system of internal civil government, together with currency, banking, corporation, timber and homestead laws. Among the other important general laws enacted are those repealing the war revenue taxes, extending and making more effective the Chinese exclusion laws, establishing a tariff for goods to and from the Philippines, extending the charter of national banks to twenty years, establishing a permanent census office, restricting the sale of oleomargarine by placing a high tariff on imitation butter, providing a consular and diplomatic service for China, establishing an extensive system by which the government will aid the irrigation of the arid sections of the west.

## WAR TAX REPEAL A RECORD.

The repeal of the war revenue taxes reduced taxation \$73,260,000, and is said to be the largest single reduction of taxes ever made in this country. By this step the last of the taxes imposed at the beginning of our war with Spain was wiped out.

The Philippine tariff act imposes 75 per cent of the Dingley tariff rates on articles coming from the Philippines to the United States, and also imposes on articles entering the Philippines from the United States the rates of duties established by the Philippine commission. The oleomargarine act results from several years of agitation. It places a tax of ten cents a pound on substances colored to imitate butter.

## ACT IMPORTANT TO WEST.

The irrigation act is of special importance to the development of the west. It creates an irrigation fund in the treasury department, into which is to be paid the proceeds of the sales of public lands in the arid states. This fund in turn is to be used in storing water and establishing irrigation systems, the irrigated sections to be open to homesteaders, who are to be charged a proportionate share of the cost of the improvement.

The Chinese exclusion law continues exclusion "until otherwise provided by law," and also applies the exclusion "to the island territory under the jurisdiction of the United States."

## RELIGIOUS ARE DELAYED.

Aside from these laws there were a number of other measures of general importance which passed. Both houses, but did not progress to the final stage. These include the anti-anarchy legislation, which grew out of the assassination of President McKinley. Bills restricting anarchy and throwing safeguards about the president passed both branches of congress, but it was impossible to reach an agreement in conference, so that the subject goes over until next December.

A bill giving statehood to Arizona, New Mexico and Oklahoma, known as the omnibus statehood bill, passed the house and the senate determined to take up the matter early in the next session.

## SHIP SUBSIDY FAILS IN HOUSE.

The ship subsidy bill secured early attention in the senate, but the bill of the session has come without the measure being reported to the house. As it passed the senate the bill grants graded subsidies to steam and sailing vessels of American build. In the house it was deemed desirable to let the subject go over until the short session, when it is expected that the bill on the subject will be reported and urged on to passage.

The bill creating the Appalachian forest reserve, including a vast tract in the Appalachian mountain section of the south, has received favorable attention in both houses, but has gone over for final adjustment of differences until next December.

The bill to establish a cable between the United States, Hawaii and the Philippines was retied by defeat in the house of representatives.

## PROGRESS ON OTHER BILLS.

Several other measures have advanced to a certain stage and have then halted without much prospect for further advancement. These include the bill for the election of United States senators by direct vote of the people. It passed the house by practically a unanimous vote, but in the senate received little attention.

The house passed a bill relating to

the immigration laws, codifying and amending these laws relating to important changes. It was reported to the senate, but there it stopped. The bill defining the meaning of conspiracy in injunction cases passed the house of representatives but did not make much progress in the senate.

On the other hand the senate passed an important measure, creating a department of commerce, to be presided over by a cabinet officer, but it made no progress in the house, not having been reported from the committee on commerce.

Another bill of interest to the commercial world is the pure food measure which was brought up before congress. After considerable public discussion and several conferences by the members of the house it has gone over for consideration until next December. Another financial measure, known as the bill bill, providing for the coinage of subsidiary silver for the retirement of the present standard silver dollar, passed the house, but was not acted on in the senate.

## APPROPRIATIONS ARE LARGE.

The amount of appropriations for the session will run unusually high, owing in part to the amount required to build the isthmian canal. When Mr. Cannon submitted a general estimate of appropriations a few weeks ago, he made the total up to that time \$691,415,000. Since then the canal bill has passed, carrying a present appropriation of \$40,000,000 for the franchise, and enough more for the rights of Colombia and for beginning the work to carry the total up to \$50,000,000. The entire cost of the undertaking is approximately \$184,000,000.

Mr. Cannon's estimate also omitted contracts for future expenditure, included in the omnibus public buildings bill, aggregating a large amount. This will carry the total for the session, according to these figures, almost, if not quite, up to the \$1,000,000,000 mark. The appropriation bills have contained little general legislation, being confined chiefly to the regular needs of the various branches of the government.

The naval bill provided for an addition of two armored cruisers, two battleships, and two gunboats to the navy.

## QUIET MORNING WEDDING

Marriage of Mrs. Mary A. Sedgwick to John R. Mulvane at the Home of W. R. Scruggs.

## THE BRICKER-DAWSON NUPTIALS

Wednesday morning at 10 o'clock John R. Mulvane of Topeka, Kan., and Mrs. Mary A. Sedgwick were quietly married at the home of Mrs. Sedgwick's sister, Mrs. W. R. Scruggs, on Prairie avenue.

The ceremony was performed by Rev. S. H. Sawyer, pastor of the First Baptist church and was witnessed by only a few friends. The house was decorated with sweet peas, roses and lilies.

Mr. and Mrs. Mulvane left at noon for Chicago and will make a tour of the lake resorts, returning to Topeka, where they will be at home after September 15th.

Mr. Mulvane is president of the Bank of Topeka and is prominently interested in various railroad and other enterprises.

Mrs. Sedgwick has made her home in this city and has many friends. She was an active worker in the First Baptist church.

C. Irving Cannon of Newark, N. J., was here to witness the ceremony. PEABODY-KRUMENAUER.

Henry M. Pearce of Decatur and Miss Lora Krumenauwer were married on Monday, June 30th, at the home of the bride's parents in St. Louis. The affair was quite elaborate and Miss Vellie W. Pearce and Sumner Pearce, sister and brother of the bride, attended and acted as maid of honor and best man respectively.

The groom is a son of Mr. and Mrs. C. S. Pearce of Decatur.

## BRICKER-DAWSON.

A few minutes after the noon hour on Wednesday occurred the quiet home wedding of Miss Dorna Dawson and D. U. Bricker at the home of the bride's parents, Mr. and Mrs. J. H. Dawson, 1627 North Water street.

The bride was a dainty toilet of white silk and trimmed with rows of lace. She carried a bunch of flowers. She was unattended and Rev. William Brandon of Grace Methodist church performed the ceremony in the presence of about thirty of the relatives and friends of the contracting parties.

Following the ceremony luncheon was served. Mr. and Mrs. Bricker left for Deland, Ill., where they will in the future make their home.

The bride has a charming personality and for many years taught in the public schools of this city.

The groom is agent for the Baldwin Piano Co. and is very popular with his traveling companions.

## "Mt. Auburn."

A heavy rainfall prevailed here for forty-eight hours, doing lots of damage to oats and corn besides other things. "Swart Bros." show, which was to be here the 27th and 28th, didn't show on account of the rain. They left for Custer Sunday morning.

Henry Barnes, Charles Truxell, Clarence Ryan and others went on the excursion last night for Cincinnati. John Scholes was a Decatur visitor last week.

Among the damage done by the wind and rain Saturday night was the blowing down of the big implement house under construction for Baughman & Son.

## July 2.

Mrs. Charles Fozcock of Chicago, who has been visiting her sister, Mrs. Philip Shambaugh, returned home Sunday.

Born to Mr. and Mrs. William Berry, on Tuesday, June 24, a son, Frank Hoots of Decatur was visiting home folks Friday.

William Spangler and wife of Ocala were visiting in this vicinity Thursday.

A whole crew of jury fixers in Chicago have been busted. Much of the public business is influenced by bribery and it is none too soon to send a few of the fine workers to prison.

What is the use after all of crowning Edward as king? He won't be any more of a king after coronation than he has been during the past year. It would save trouble and expense to call the old thing off.

Patriotism and pyrotechnics are not inseparable. It is possible to celebrate our national independence day suitably without guns, or cannons or even fireworks. Few, however, thus celebrate.

The congressional agony is over. Senator Bailey did not apologize and Senator Beveridge did not retract. Perhaps by December Apollo Bailey will feel called upon to make some reparation for the disgrace he brought on the United States senate. The friends in Texas may remind him during the long vacation.

Fourth of July with its inevitable crop of lockjaw is about upon us. In Chicago in 1889 there were 19 cases. In 1900 29, but in 1901 there was a marked falling off, there being but five deaths from lockjaw resulting from Fourth of July wounds. It seems too bad a great day of freedom should become as a battlefield for killed and wounded.

The outlook says that whatever view we may take of the influence of Christianity in other spheres of life, it is undeniable that among students its power is busily increasing; and there it is laying hold of society and of human individuality at its springs. We may view the future with equanimity as we watch this clean, straightening, fearless best coming up, ways upon ways, unobscured and with gathering momentum, from our schools and colleges and universities and spreading out over the world.

Recently the Philadelphia Record was sold by order of court under the hammer for \$2,897,000. It is estimated that one-fifth of this sum, or \$579,400, will fully cover the value of all tangible property. The remainder amounting to \$2,317,600 was the value of the good will. This means the confidence reposed in the Record by patrons, readers and advertisers. What is true of the Record is true of every well established newspaper, large or small. On the same basis the Decatur Herald's value runs well beyond the half bounded thousand mark.

Senator Bailey of Texas considered himself insulted because Senator Beveridge referred to an attack he made in a speech on a government official as unwarranted. In what language would this ruffian have a colloquy with an exception to his party chieftain? or does he demand that no man has a right to dispute him? What such fools as Bailey need is the application of a baseball bat where the "wood ought to grow."

Tomorrow's dawn brings us to view

The United States the greatest nation on the globe. It is greatest morally, religiously, financially. It has the greatest military reserve power of any other country. It needs no standing army except merely for police duty and to serve as a skeleton to be clothed with the flesh and blood of a million or more volunteers when needed. Its navy is fast becoming the mistress of the seas. American influence in all departments of human activity dominates the globe. The Spanish war demonstrated to the old world the power and greatness of the new. Truly America may celebrate with joy and thanksgiving. "Blessed is the nation whose God is the Lord."

Pauline Wadlow in the Independent says that the mere casual tourist tramping through the London thoroughfares on the top of a penny bus sees the American flag used as an emblem of good-will along with that of Canada, the Australian states and the mother country. There is scarce an American industry that does not reach London as part of its commercial territory on the same footing as Chicago, San Francisco or Melbourne. The English proverb now studies an American audience the word foreigner is no longer applied to us; the American ambassador is, by courtesy, raised to the rank of a national guest. The streets of London teem with signs of American interest—American costume, American soda water, American shoes, typewriters, kodaks, bicycles, electric machinery, labor-saving devices of infinite variety. A census that could accurately give the number of Americans living in England for commercial purposes and thus touching their own country as well as producing better understanding on both sides of the Atlantic—such a census would startle us by proving that a war between England and America would be an act of such folly—such insanity that we cannot imagine any one entertaining it, save under the spell of "ignorance." Can it be possible that any one in this country in his right mind can doubt the wisdom of the American economic policy which has given such prestige to American products both at home and abroad?

Roosevelt seems to be almost certain of a re-nomination. Saturday evening was a cross between a flood and a cyclone. It is proposed to hold the next international Sunday school convention in Jerusalem. Having snubbed his mother King Alfonso is about to visit the European capitals in search of a wife. The king having been the principal in eight narrow escapes from death ought to escape from eight doctors.

Since the obliteration of the bloody chasma the southern senators are producing a large per cent of scoundrels. The anti-imperialists ought to feel free to celebrate the Fourth of July upon the release of their ideal Aguinaldo. It will probably be found that the rains have done less damage to crops than at first supposed. This is usually the case. It is reported that Carrie Nation has joined Dowd. If this be so Dowd will find that there will be the Nation to pay. Henry Waterson having deserted Bryan but once the latter probably is only half as much disgusted with him as with Cleveland.

Dave Hill stock is rising. Tom Taggart, the big Indiana democrat, declares for the wisley New Yorker for the democratic nomination. It would have been a blessing to the Decatur baseball team if the rum had extended to Evansville last Sunday. Two losses in a row is two too much. Senator Bailey undertook to answer the arguments of Senator Beveridge of Indiana with his fists. But force is a rather poor senatorial argument.

The fact that Gen. Miles has not been brutally snubbed by the president for over a week indicates that the democratic papers are very busy about other things. One of the first things Cuba applies economy to is the schools organized by the United States. This is in the nature of saving at the spigot and wasting at the bung.

Aguinaldo is to be given his freedom on Friday. He probably wonders how he can make a living. Of late he has been supported by his Uncle Sam and he has grown to enjoy it. Over 10,000 Oregon republicans scratched the republican nominee for governor and voted for the democratic nominee who is an expansionist. The republican nominee was unpopular.

The rains of the past few days suggested to the skeptical that Noah was wise in his day and generation. Many would have gladly contributed to an ark if it could have been made immediately available. Street sprinklers have been invisible for several days but it is because the rains have temporarily destroyed the business. This is one case in which a destroyed business will not affect the cash account.

The Clinton Chautauqua has Ben Tillman as one of its attractions. It would perhaps be nearer truth to call him a distraction. It cannot be imagined why any one would pay money to see and hear such a creature as the South Carolina ruffian. Revolution in the republic of Hayti, revolution in the republic of Venezuela, etc., are common announcements. The facts are that these so-called republics are such only in name. The civilizations they represent cannot maintain a republic.

Senator Bailey of Texas is a hot rival of Senator Tillman in the sweepstakes of ruffianism. So far Bailey is only a length behind Tillman. These fiery untamed steeds of the south need some competent horse tamer to teach them some useful lessons in horse sense. The Virginia constitutional convention has adjourned. It has been in session more than a year. The constitution goes into effect without a vote of the people. One of the startling provisions of this document is to prohibit public officials from accepting free passes on railroads or other public conveyances. Our Uncle Joe Cannon tells some solid truths in homely and fetching style. In a recent speech in congress he said: "We (the republicans) pull the wagon, and we do the work, and you, (the democrats), find the fault. We are doing the best that can be done in settling the questions that grew out of the war of 1893, but all that you can do is to scold."

The Boer officers who did the fighting and carried the Boer flag to honor are all taking the oath of allegiance to the King of Great Britain. It is now in order for the terrified democracy of Illinois, who waved and cheered the Boer flag in the state convention in 1900, and overlooked that duty this year, to take the oath of allegiance to the king providing they were included in the peace agreement.

Decatur was especially honored in the World Sunday School convention just held at Denver. Mr. A. H. Mills of this city, was chosen as the member of the executive committee from Illinois to succeed the late E. P. Jacobs. Mr. Mills also holds the position of chairman of the executive committee of Illinois so long held by Mr. Jacobs. No more efficient worker or fit man could have been chosen to succeed Mr. Jacobs. He is able, zealous and full of the spirit of the Master in this great work.

Although Gen. Geo. B. McClellan stood as the democratic candidate for president in 1861 he publicly proclaimed his disagreement with that part of the democratic platform which declared the war a failure. Geo. B. McClellan, son of the general who is a democratic representative in congress, from New York, recently in a speech in congress denounced his party for its attack upon the army in the Philippines. The trouble with the McClellans, both father and son, is that their party affiliations have been wrong.

The Perfect Liver Medicine. Mrs. M. A. Jolley, Noble, O. T. writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit, and fully accomplishes all that is claimed for it." Malaria can not find a lodgment in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at John E. King's.

INFORMAL DANCING PARTY

Given by Mrs. Steele and Mrs. Cessna for Miss Leonardo.

One of the most charming social affairs of the summer was the dancing party given Wednesday evening by Mrs. C. W. Cessna and Mrs. George D. Steele for Miss Marie Leonardo of Washington, D. C. The arrangements were delightfully informal and the invitations described it as a shirt waist party.

The Arimory was prettily decorated with colored lights, palms and nasturtiums and a comfortable cozy corner was arranged with settees, rugs and plenty of soft cushions. About fifty persons were present and the Assembly orchestra furnished the music for sixteen dances and three extras.

Delicious frappe and margarites were served during the evening. Miss Leonardo, who is visiting her sister, Mrs. Kate Cassell, will leave in about two weeks for Washington.

ESTABLISHING GRADES.

A Preliminary To The Contemplated West Main Street Improvement. The members of the council who are interested look upon the extension of the paving on West Main street as almost a foregone conclusion. Engineer Loring has been getting data for the establishing of grades in that part of the city. That territory was far beyond the city when the Williams grade was established and there are no grades there that are legally recognized. In anticipation of the improvement city Engineer Loring has been making surveys in order to have at hand such information as the council may ask for when the question is formally brought.

Too Good a Day.

Wednesday the members of the public improvement committee of the city council held a meeting at the city clerk's office. One of the things they had to consider was the resolution for lowering the lateral sewer on Charles street. It had been the intention of the committee to go out and look over the situation in order to become thoroughly familiar with the needs of the property owners there. The statement was made however, that the sewer site was a sea of water and the committee abandoned the trip. Mayor Shilling said last night that there was no question on the score of lowering the sewer and that active steps would be taken to that end as soon as the city engineer had completed a profile of the work to be done.

SCHLICK DENIES IT.

Charged with Selling Liquor to an Habitual Drunkard. Wednesday a state warrant was served on Adolph Schllick, who is charged with selling liquor to an habitual drunkard. John Owens is the man said to be a drunkard and John's wife is the complainant. Schllick denies the charge and demands a hearing. That will be before Justice O'Mara on Monday of next week. Messrs. J. C. Lee and J. J. Finn will defend him. The penalty upon conviction is a fine ranging from \$20 to \$100.

The man who takes up a lot of your valuable time is seldom able to take a hint. The Boss Worm Medicine. H. P. Kumpke, druggist, Leighton, Ala., writes: "One of my customers had a child, which was sick and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 115 worms from the child. It's the best worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at John E. King's.

"I would be comfortable and happy," says the Atlanta Sage. "If I could find a way to shed all of my vest except my pecodius." Repulsive Features. Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c at John E. King's.

A big woman can go through a small man's pockets without any sleight-of-hand business. Cures Sotatoes. Roy, W. L. Riley, L. L. D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment, the first application giving me relief, the second, and giving my relief. GLORIOUS FOURTH

Will Be Remembered By Members of the Country Club and Knights of Columbus.

FORMER MOST PRETENTIOUS.

Dinner, Supper, Music, Golf and Fire-works On The Program. The celebration of the Fourth of July tomorrow promises to be the quietest Decatur has known in many years. Outside of the two ball games—one in the morning and one in the afternoon between Bloomington and Decatur, there will be nothing of a public character to entertain the people. There will be two events, however, of a semi-public character, which promise to furnish a pleasant day for those who are members of the two organizations managing them. One of them will be the Knights of Columbus picnic at the Turner park and the other will be the all day gathering of the members of the Country Club at their handsome home on the banks of the Sangamon.

The latter will be the most pretentious affair in the city. A large attendance of the membership is anticipated. Dr. Will Barnes and Miss Corinne Shellabarger will have charge of the golf arrangements. Dinner will be served at 1 o'clock and supper from 5:30 to 8. Beautiful lanterns have been secured for the illumination of the piazza at night. There will be music all day and evening. Members of the club are notified that the dinner and supper lists will be open until 9 o'clock tonight.

The celebration of the day will close with a display of fireworks at night. The pieces for this exhibition have been carefully selected and it is stated that the display will be the finest ever witnessed in this city. While Decatur will not hold any formal celebration there are a large number of towns in this vicinity that are going to soar the eagle in patriotic style. Among the number in this vicinity are: Haristown, Mt. Auburn, Cerro Gordo, Latham, Blue Mound, Moweaqua, Farmer City, Mt. Zion, Belhany, Monticello, Bement, Mt. Pulaski, Niantic.

Saves a Woman's Life. To have given up would have meant death to Mrs. Lois Craig, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from Coughs, Colds, Throat and Lung Trouble need this grand remedy, for it never disappoints. Cure is guaranteed at the drug stores of John E. King, McNeil & Horral, and N. L. Krone. Price 50c and \$1.00. Trial bottles 10c.

PRETTY POODLES.

Are Traveling In The Care of C. L. McCormick of New York. At the Decatur hotel Wednesday the travelers were much interested in a pair of Norwegian poodles, the property of C. L. McCormick, a traveling man, from New York, and which he was taking to his home in the east. McCormick was recently in Galveston and while there purchased the puppies from a Norwegian sailor who had just come into port. The dogs are tiny fellows and weigh about three pounds each. Their coat is as soft as silk and the clearest white imaginable. The only marks are on their ears. One has its ears marked entirely a light reddish tan and the other has on each ear a light reddish tan mark about the size of a fifty cent silver piece. The statement was made at the hotel last night that McCormick had declined an offer of \$50 cash for one of his pets, but that he was willing to part with the pair for \$100. The puppies are six months old and it is said that at maturity they will weigh not to exceed five pounds. McCormick carries his treasures in a covered market basket.

CONCERT SUNDAY.

At the Turner park on Sunday the Goodman Fourth Regiment band will give a concert to which all lovers of good music are invited. The concert will commence at 3 p. m. and continue until 10 p. m. Go and hear the music.

Need More Help.

Often the over-taxed organs of digestion cry out for help by Dyspepsia pains, Nausea, Dizziness, Headaches, liver complaints, bowel disorders. THE GROCERS GREAT PICNIC

Plans For The Outing At Weldon Springs Insure Entertainment of All Who Go. THE COMMITTEES IN CHARGE. The Grocers' association met in special session Wednesday night in their rooms on East William street and completed final arrangements for one of the biggest outings they have ever undertaken. The day will be spent at Weldon Springs, three miles east of Clinton on the Illinois Central. The park has a beautiful lake stretching over 20 acres of land and what are considered to be the finest mineral springs in central Illinois. A pavilion where an all day dance with the Goodman's full band for music will be interesting to the young people. ALL STORES TO CLOSE. An effort is being made to have every store in the city close in order that all the merchants and clerks may have the day for an outing. All stores in Clinton will close and the parade of the day will be held in that city at noon. The Goodman's band will head the parade. The tickets will be 65 cents and 35 cents or half fare for the children. The grocers invite all citizens of Decatur and friends of the Grocers' association from other cities who wish to attend. The first train will leave the Illinois Central station at 7:45 and all those who get left will have an opportunity of going on the regular train at 12:20 o'clock. AMUSEMENTS. The grocers intend that those who attend will have all the amusements possible for them to attend. There will be boat racing and swimming races. Of course John G. Floyd and John Washburn will have their foot-race. Steamboats and row boats will furnish an interesting diversion. BAGGAGE FREE. All goods sold in Decatur will be delivered free by any of the grocers. They intend to carry out that idea on the day of the picnic. All baggage will be hauled free and checked on the train the same as baggage. At Clinton wagons will be in readiness to take the baggage and baskets to the park and the picnickers will not be inconvenienced. THE COMMITTEES. The most of the business last night was the reports of the committees and the naming of others. The dance committee will endeavor to give one of the best outdoor dances of the season. All other committees are reporting good results. The committees follow: Park Ground and Executive—T. T. Springer, Fred Klipp, G. C. Koyl. Program and Prizes—G. B. Kinney, John Kaylor, W. M. Niedermeier. Music—Lou Barbey, Davis May, Al Brightwell. Finance—John Washburn, Henry Schille, M. A. Connard. Dance—Joe Schoenle, Joe Robinson, Will Springer, Frank Plummer. Closing—John Washburn, H. G. Royer, Ben Hownstine. Printing—F. R. Bean, Ed Drohisch, Dan Dimmen, L. B. Fruit. Marshalls—George Fulton, Lee S. Hall, Everett Ehrhart, Ed Higgins. Loading—D. E. Baucum, S. S. Allsup, Charles Stephens, V. W. Henton. Refreshments—F. H. Bachman, G. B. Nelson, A. L. Brockway, Sam Bartlett, Finckrock Bros., H. Foster, T. Judd, G. W. Martin, George Barn.

ENGLISH LUTHERANS

Meet and Elect Sunday School Officers for Ensuing Year. The Sunday school of the English Lutheran church held their annual meeting last night and elected the officers for the ensuing term of one year as follows: Superintendent—D. N. Myers, re-elected. Secretary—Miss Hilma Zietterland. Treasurer—Miss Minnie Myers. Librarian—Hagar Peters. Assistant Librarian—Earl Coble. The reports of committees showed the school to be in a prosperous condition and the attendance above the ordinary. ANNUAL PICNIC. The annual picnic will be held at Fairlawn park on Wednesday, July 9th. Supper will be served at 6 o'clock. J. H. Keyser will look after the athletic amusements for the day. Thirty Now Bees. Decatur Tent, No. 130, K. O. T. M. met at their hall at 141 East Main street, last night and initiated a large number of candidates. The lodge is in competition with the Springfield camp for a prize of \$75 offered by the grand tent for the tent securing the most members by August 30th. The members of the Decatur tent have proved themselves energetic and Springfield will have to hustle. VEGETABLES AND FRUIT. A half baggage car of apples, tomatoes and cucumbers came in over the Illinois Central from Mississippi last night. Most of the goods were shipped to local commission men, but some were to the grocers. The apples were the finest which have been shipped in this year. PARTY. Miss Emma Clark, 358 North Church street, entertained a small number of her friends at a party last evening. Refreshments were served. The longer a man lives the more lost opportunities he has to regret.

PROVED A DETRIMENT.

Heavy Rains of the Past Week Were Damaging to Crops. Though light showers occurred in some parts of the state early in the week, they were generally insufficient to hinder farm work to any considerable extent. The weather was not, however, favorable for harvesting and hay making. During the latter part of the week heavy rains occurred over the entire state and farm work was prevented entirely. Over the northern and central districts, where the rainfall had previously been excessive, these heavy rains have injured rather than benefited crops, but over the southern district where the weather had generally been too dry, crops have generally been greatly benefited by them. In some parts of the state high winds accompanying the rain caused considerable damage. In some localities the rain was so heavy as to flood bottom lands. The weather has been cold during the week, though it was much warmer in the extreme southern part of the state than elsewhere, and this has retarded the growth of vegetation somewhat. Wheat and rye harvest has been retarded by rain, though these crops are practically all in shock in the southern district. Threshing has begun in the southern district and the yield ranges from very poor to very good. Many correspondents state that the yield is better than was anticipated. Though in a few localities in the central and northern districts the crop is poor, it is generally reported to be good in those districts. The wet weather has caused a very rank growth of oats in the northern and central districts, and in many localities they are already very badly lodged. Notwithstanding this, however, the prospects for a good crop continue favorable. In the southern district the prospects are less favorable, though there has been some improvement. In this district oats harvest has already begun. Notwithstanding the cool weather of the past week, corn has done very well. In some localities, however, its growth has been very slow, and in other localities it is turning yellow on low ground. A great deal of the crop has been laid by. The heavy rains in the southern district will greatly benefit the crop. In that section, brown corn generally looks well. The hay crop is generally quite heavy, though much lighter in the south than elsewhere. Conditions have, however, been unfavorable for hay making, and much clover hay has been put up in bad condition. Potatoes and garden truck are generally good, but the heavy rains have caused potatoes to rot in some localities. The apple crop averages poor, though in some localities it is exceptionally fine. The peach crop will be very light. Pears and small fruits range from very poor to very good crops.

Don't Fail to Try This.

Golden Anniversary.

The golden anniversary of the Shelby County Leader, T. B. Shoaff, editor and proprietor, is a specimen of country journalism of which the owner has a distinct right to feel proud. It consists of twenty-four pages inside an illuminated cover, and every page teeming with interesting matter and splendid illustrations. The first page contains a likeness of James Shoaff, publisher of the Prairie Flower at Shelbyville in 1840 and also a likeness of his son, T. B. Shoaff. An interesting feature is a fac simile of "Boy About Town," the first newspaper venture of Tom Shoaff. The paper was issued from the old Main office in this city in 1844. The Shoaff family have always been good newspaper people and Thomas is ably sustaining the long established tradition.

Hand Mangled.

George Rice, a farm hand living near Mt. Zion, had his right hand badly mangled on Tuesday. His train was away and he was caught between the wagon and a barbed wire fence and took hold of the wire to steady himself. The result was that his hand was dragged through the wire and badly cut. Dr. S. R. May of Mt. Zion dressed his hurts.

Forsyth.

Rev. Longbrooke will take a short vacation and visit in Dallas over the Fourth. Talnidge Funk has gone to Phil. Ill. to assist the agent of the Wabash Falls road and to learn telegraphy. Rev. Robertson of Northport, Pa., and here at the M. E. church will be absent. Mrs. Maury attended the picnic given by Miss Edna Henton in the city Tuesday.

Miss Louise Kelly visited friends in Forsyth last week.

The first church social given by the M. E. church was quite a success owing to the weather. The picnic lasted the two evenings were held at the Charles Stern and wife and all the friends on the Fourth. Married at Decatur, Miss Edna Henton and Miss Della Davis, Monday, June 30, July 2.

Mrs. Edward Kosherowski who has been seriously ill at St. Mary's hospital has so far recovered as to be able to return to her home on East 12th radio street.

Suit From Warrensburg for Five Dol-  
lars the Biggest Thing in

In Justice Smith's court Monday  
Newell and Lou Goble forfeited  
city bonds of \$123.90 each in the Jus-  
tice courts for being inmates of houses  
of ill fame.

C. E. Crispin sued S. E. Boar of  
Warrensburg for \$5 for labor, Monday.  
In Justice O'Hara's court. The case  
was tried by a jury, who returned a  
verdict for the plaintiff for the full  
amount sued for.

The case grew out of the following  
circumstances: Crispin was employed  
by G. B. Rue to paint Ben's house.  
In the settlement Rue told Rue that  
Crispin owed him \$5 and he would  
take that out of the contract price.  
Rue to recover from Crispin. Crispin  
claimed that he didn't owe the \$5 and  
that the owner of the premises for \$5  
in labor claim. It seems that Crispin  
is a member of the Rolling Springs  
country and Rue is secretary of the  
country association. Crispin received  
\$5 a lot in the cemetery and says  
that he turned it over to Rue. This  
fact denied and both submitted evi-  
dence on this point.

In the same court Frank Miller and  
Tate Johnson were fined \$3 and  
costs each for being drunk on Sunday.

ing better. It is thought the hand can  
be saved.

Mrs. Thomas Sharp, North Church  
street, is very ill.

**COMING IN A FLOOD.**

Plenty of Material Now Receiving for  
The Millikin University.

After a shortage lasting nearly a  
year a good of material is beginning  
to come in on the site of The Millikin  
University. Carloads of lime and  
lumber, stone and terra cotta are ar-  
riving daily and more is to come. The  
first of the corn and the third floor  
of the west building have ar-  
rived and the contractor hopes to raise  
the west building next week. The  
east building has been installed and will  
be completed today. Work on the  
bell tower will be suspended Friday  
and Saturday, July 4 and 5.

It is proposed as soon as the roof-  
ing on the two end buildings, which  
will be in about three weeks, to install  
electricity and lights and put on an-  
other shift of men. This plan depends  
entirely upon the supplies of materi-  
als.

**BOOKER'S ESTATE.**

The Deceased Jockey Had Personal  
Property Valued at \$1500.

In the county court Monday August

**SOME WAR TAXES**

Removed by the New Law Which Goes  
Into Effect This Morning—Col-  
lector Mills Gets Circular

**GIVING GENERAL INFORMATION.**

Special Taxes in a Number of Instances  
Are Removed.

Mention was made in the Herald of  
Sunday that the new revenue bill,  
which removes the war taxes from a  
number of articles would go into ef-  
fect this morning. Collector L. R. Mills  
is in receipt of a circular of instruc-  
tions from Washington in reference to  
the matter and it contains some in-  
formation of general interest as fol-  
lows:

The following changes are made in  
the law now in force:

Taxes repealed on and after July  
1, 1902:

Special taxes of  
Bakers.  
Brokers.  
Dealers in grain, securities, etc., un-  
der paragraph 3, section 8, act of  
March 2, 1901. (Brokers' class 2.)  
Pawnbrokers.  
Custom, house brokers.  
Proprietors of theaters, etc.  
Proprietors of circuses.  
Proprietors of public exhibitions or  
shows for money.  
Proprietors of bowling alleys or bil-  
liard rooms.  
Dealers in leaf tobacco.  
Dealers in tobacco.  
Manufacturers of tobacco.  
Manufacturers of cigars.  
Stamp taxes on  
Instruments, papers or documents,  
deliveries or transfers of stock, and  
sales and agreements of sale or agree-  
ments to sell stocks, products or mer-  
chandise. (Schedule A.)  
Wines. (Schedule B.)  
Seats in parlor or palace cars and  
berths in sleeping cars.  
Taxes on legacies and distributive  
shares of personal property.  
Excise taxes on persons, firms, com-  
panies and corporations engaged in re-  
fining petroleum and sugar.

**TAXES REDUCED.**

Fermented liquors. The tax is re-  
duced to \$1 per barrel.  
Snuff and tobacco. The tax is re-  
duced to 6 cents per pound.  
Cigarettes. The tax on cigarettes  
weighing more than 3 pounds per thou-  
sand is reduced to \$2 per thousand.  
A drawback or rebate is allowed on  
all original and unbroken factory  
packages of smoking and manufactured  
tobacco and snuff held by manufactur-  
ers or dealers on July 1, 1902, to the  
amount of difference between the  
higher rate paid and the tax imposed  
by this act.

No drawback is allowed on sale of  
stamps for fermented liquors, or for  
tobacco or snuff.

The provisions of the present law,  
relative to mixed flour, remain un-  
changed except a slight change is made  
in the definition of mixed flour.  
Liabilities accrued or liabilities incurred  
prior to the repeal are not affected.

The estates of all persons dying  
prior to July 1, 1902, will be subject  
to the legacy tax, even if the distribu-  
tion is not made until that date.

**Prompt Pay.**

O. O. Crane, record keeper of De-  
catur (Pent No. 129 K. O. T. M. De-  
catur) a draft for \$200 to Mrs. Lizzie  
Burke as the fourth installment of her  
husband's property. They pay for total  
disability. Mr. Burke is now at  
Washington D. C. in the government  
hospital. This payment was not due  
until July 7. Burke had a policy for  
\$2000, which will be paid in ten annu-  
al installments. If his death had oc-  
curred the total would have been paid  
in a lump sum.

**What a Girl Thinks of Boys.**

At a recent public school examina-  
tion for girls in an English town this  
composition was handed in by a girl  
of 12: "Boy is not an animal, yet  
they can be heard considerable dis-  
tance. When a boy hollers he opens his  
big mouth like frogs, but girls hold  
their tongues until they are spoken to,  
and they answer respectable and  
tell just how it was. A boy thinks him-  
self clever because he can wade where  
the water is deep. When the boy grows  
up he is called a husband and he stays  
wading and stays out at nights, but  
the grown-up girl is a widow and  
keeps house."

**SENTIMENT IS ALL ONE WAY**

Citizens of All Classes Joined in the  
Demonstration Thursday Night.

Assumption, Ill.  
Editor Herald: In order to correct  
the mistakes in the accounts of the  
so-called riot in Assumption of Thurs-  
day of last week, let me state that the  
socialist, anarchist or whatever he is  
prepared for a street meeting on Main  
street. He set up his phonograph and  
after two or three times announce-  
ment that he would speak in the hall.  
The reason for his sudden change was  
probably due to the threatening ap-  
pearance of the crowd and the small-  
ness of his following, being surrounded  
by about ten or twelve persons of his  
kind.

With his phonograph packed he and  
six others started for the hall about a  
block away. When about half way  
they encountered the marshal and were  
stopped. Immediately they were sur-  
rounded by probably seventy-five per-  
sons half of whom were prominent of-  
ficials. Threats of lynching became  
numerous and he soon began his re-  
flections.

**AT COUNTRY CLUB.**

Luncheon Given Tuesday Afternoon  
By Mrs. Burks and Mrs. Ruby.

One of the most elaborate after-  
noon functions of the season was the lun-  
cheon given by Mrs. C. A. Burks and  
Mrs. M. A. Ruby Tuesday afternoon  
at the Country club. The hours were  
from 2 till 6 and about fifty ladies  
were present. Assisting the hostesses  
were Mrs. M. C. Starr, Mrs. U. S.  
Smith, Mrs. F. O. Rhodes, Mrs. U. S.  
VanDeventer, Mrs. Frank Shauden-  
man and Mrs. Laura Graham. The re-  
ceiving party were gowned in white.

The dining room was in yellow and  
green and a four course luncheon was  
served under the direction of Mrs. F.  
J. Sedgwick. Coffee was served af-  
terwards in the reception hall which  
was beautifully decorated in red. The  
walls were almost covered with flags  
and palms, ferns and cut flowers  
completed the decoration.

Conklin's mandolin orchestra played  
during the afternoon and the  
guests were entertained with selec-  
tions by Mrs. M. C. Starr, Mrs. E. A.  
Miller, little Miss Grace Starr and  
Mrs. C. A. Burks.

Souvenirs of beautiful roses were  
distributed among the guests.

**CERTAINLY CAUSE.**

But Investigation Shows That Was  
Not the Reason.

There was a sulphurous odor about  
the old square Tuesday afternoon  
which suggested that some one had  
been expressing their opinion about the  
telephone service as it is dished out  
to the patrons of the two lines which  
afflict Decatur, or that the gentleman  
in red had come in person for  
those who allow such a state of  
things to exist. Investigation, how-  
ever, discovered that the cracks be-  
tween the large slabs forming the  
walk in front of the Stine building  
were being ravaged with sulphur. The  
process involved melting the sulphur  
and this gave off the infernal odor.

**NEWS NOTES.**

**SIX O'CLOCK DINNER.**

The ladies and means committee  
of the Congregational church were en-  
tertained at a 6 o'clock dinner at the  
St. Nicholas hotel on Monday even-  
ing by the pastor of the church, Rev.  
H. L. Strain. The dinner was in four  
courses. Following the dinner there  
was a social time and the plan of work  
for July was outlined.

**SONS OF REST.**

The Sons of Rest will spend Fourth  
of July in Taylorville and will be en-  
tertained at the home of William  
Jones, one of the members who lives  
in that place. They will leave on  
Friday morning on the 4:10 train.

**AT NEW COLUMBIA.**

Eugene L. Wayne, formerly of De-  
catur, who for the past two seasons  
has held the position of musical di-  
rector at the Alhambra theater, Chi-  
cago, will next season, with his excel-  
lent orchestra, be a special feature  
at Chicago's finest stock theater, the  
new Columbia.

**AN APPLICATION.**

The Millikin boys has had an ap-  
plication from Sullivan, Ind., for the  
admission of two children as inmates  
of the home.

**PLANS FOR POWER HOUSE.**

The plans for the power house and  
machine shop of The James Millikin  
university will be here today and con-  
tractors and prospective bidders on  
the same should call on President A.  
R. Taylor at his office in the Millikin  
building.

**AN ENLIGHTENING TOUR.**

James M. Whiteside of Dayton, Utah,  
has been in the city a few days visit-  
ing the residence portion of the city  
distributing his circulars on the Mor-  
mon religion. The work is entitled  
"Church of Jesus Christ of Latter Day  
Saints." Mr. Whiteside claims his reli-  
gion has been much misrepresented  
and wants to enlighten the American  
people as to its true object and effect.

**AN UNFORTUNATE.**

An unfortunate epileptic had a fit  
Tuesday afternoon and fell in front of  
the Barnett hardware store. He recov-  
ered in a few minutes sufficiently for  
his friends to take him away.

**THE MANLY ART.**

William Cranston has opened a box-  
ing studio in the Masonic Temple  
in room 5. The room was especially  
equipped for Mr. Cranston and is an  
ideal spot for a few hours' recreation.  
The instruction will be private and the  
classes will be mostly among the busi-  
ness men of the city.

Tip Carter has arranged a cake  
walking party for Woodbine park on  
the Fourth of July. Tip is himself  
not a cake walker, but he is recognized  
as a good manager.

**THE GREATEST ATTRACTION**

In Decatur on July Fourth Will Be the  
Two Ball Games at League Park.

The greatest attraction in Decatur  
on July Fourth will be the two ball  
games at League park with the Bloom-  
ington team. Patrons of the game in  
this city enjoy the contests with the  
Bloomers more than with any other  
team in the league. It is certain  
that there will be big crowds out-  
owing to the fact that the two teams  
appear to be evenly matched. The  
morning game will be called at 10:30  
and the afternoon game at 3:30.

**NO LADIES' DAY.**

A great many inquiries have been  
made during the past few days in  
regard to the ladies being admitted  
free to the games on the fourth. Presi-  
dent Dinnegan answers the question  
in the negative. Tuesday and Friday  
are ladies' days on all except holidays,  
when the ladies are expected to pay.  
It is hoped, however, that this fact  
will not deter the ladies from attend-  
ing. The Fourth of July is looked upon  
as the big day in the league and it is  
the one on which the officials hope  
to reap a harvest.

**Games on Fourth.**

Barnett's ball team will go to Mo-  
wequa on the Fourth of July to play  
the team of that place. The batting  
order as announced by Manager Wil-  
son is as follows: Badger and Sam  
Wilson, Tom Carson, George McGee,  
Eddie Baum, James Wayne, Will  
Strohm, John Taylor, Scott Wilson and  
Ed Shultz. About fifty or a hundred  
will go to Movequa on the Fourth to  
attend the celebration and ball  
game.

The Decatur Champions will go to  
Niantic on July Fourth to play the  
Niantic team. The game will be  
played in the afternoon and as both  
teams are strong ones a good contest is  
expected. The game will be played on  
the Niantic ball grounds south of the  
city.

One of the hottest games of ball to  
be played in this city on the Fourth  
of July will be between the mail car-  
riers of Danville and the mail car-  
riers of Decatur. The game will be called  
at 1 o'clock in order that it may be

ONE BAD INNING  
But It Was Enough to Lose Decatur  
an Otherwise Well Played Game  
of Ball.  
DORNER AND KREBS HELPED  
Mulloney Around the Bases to Third  
and Bolt Batted Him Home.  
Decatur, July 3.—The baseball game between the Decatur and Terre Haute teams, played at Decatur, was a well played game, but it was enough to lose Decatur. The game was played at Decatur, and the Decatur team was defeated by the Terre Haute team. The game was played at Decatur, and the Decatur team was defeated by the Terre Haute team. The game was played at Decatur, and the Decatur team was defeated by the Terre Haute team.

Time—1:45.  
Umpire—Brennan.  
Gossip of the Game.  
We can't hit the ball when a hit means a run. That's been the trouble all summer.  
Pfeiffer's work at second was brilliant.  
Decatur's first five hits were right over the head of Third Baseman Brown.  
Connors and Dickey each made a beautiful catch in left field.  
Mulloney is in the game all the time with his mouth as well as his hands and head. He is a good ball player if he does not let the clown.  
There was no chance to judge the work of Thornton in the field. He did not have a chance. At the bat he was unable to place one safe in four times up.  
Teddy McGrew, a one-time favorite in Decatur, was a busy boy at short. He fumbled the first ball that came down to him and the crowd roared him but after that he managed to effect five put outs and make two assists. At the bat he got two of the nine hits accredited to his team.  
Haley has quit the team and announces that he will go to Evansville to work in a clothing store. His going will be regretted. He has won four of the five games pitched by him. Decatur is now left with two pitchers. Haley will help out today.  
McGrewy will be in one of the games today.  
Krebs threw three men out trying to steal second. One of them was Connors in the eighth inning. The Bloomington manager got up protesting that he was safe.

FAMOUS PENSION CASE.  
Problem for Mr. Ware Has Been Before Bureau Many Years.  
Among the stubborn pension cases which already have been called to the attention of Pension Commissioner Eugene F. Ware is that of Daniel Oberly, a veteran of the civil war, who has been rendered helpless by paralysis and attributes his disability to a gunshot wound he sustained in the service. Oberly maintains that he has been practically helpless ever since he was wounded, but special pension examiners who investigated the case many years ago reported that Oberly was a skillful tight-rope performer, acrobat, and clog dancer after the close of the war. Oberly denounces this report as false, says that he never danced in his life, and that he has been charged with being a tight-rope performer because he once wore tight and took up a collection for John H. Under, a rope walker, who gave an exhibition in Lebanon, Pa., shortly after the war. As soon as the war was over Oberly was examined and granted a pension of \$4, the highest pension paid at that time. As the total disability pension increased, Oberly was granted increases until he received \$12 per month. A guardian was appointed for Oberly by the district court at Troy, O., where he formerly lived with his wife. The guardian was Dr. J. W. Meanes of Troy. Oberly was unwilling to have his affairs looked after by Meanes, and succeeded in getting the pension bureau to ignore the order of the court. Oberly says that his trouble has all come about through his guardian. The pension bureau was informed that Oberly had secured a pension by fraud and merely feigning paralysis. After much delay the pension bureau decided that Oberly was entitled to a pension of \$39 a month, but should not have been paid more. Consequently his pension was reduced, and has been withheld to reimburse the government for the money which Oberly is said to have collected fraudulently from the government. Oberly has been penniless for years as a result of this decision of the bureau. He says that his wife, who has property in Ohio which she bought with his pension money, will not take care of him, and he is in Washington trying to get Mr. Ware to investigate his case. The Oberly case is one of the most celebrated in the annals of the pension bureau. It has been reviewed and reviewed repeatedly. Once it was carried up to the department of the interior, which confirmed the action of the bureau. Commissioner Evans refused to report the case, as it was considered a "stirring within." I would make him a special rate, and send him the lecture for \$1,500. To which came the answer: "Could you have the lecture ready by August 17 I have thought the matter all over and calculate that I could clear the \$1,500 in the first year, and all would be to the good thereafter. It must be understood, however, that you are never in any way to refer to the lecture as being yours." It is unnecessary to state that the lecture will not be written.  
PRESIDENT DIAZ.  
The Mexican Executive, Though Aged, Is a Tireless Worker.  
"I am inclined to think that if our president were to cease his routine of hard work he would die," remarked Mr. Juan Cortiza of the City of Mexico, who is now in this city. "At half-past 8 every morning General Diaz goes to his office and works until about 1:30 p. m. At 4:30 he goes back again, and scarcely ever leaves before 11, and often not until midnight. His time is spent in the hardest sort of labor, and the president would be miserable if he could not carry out the daily program. "That is the reason why, in my opinion, he will never make any trip to foreign countries. A journey of any magnitude would break into his settled habits. He is a remarkable man in his personal habits. He takes no intoxicating liquors, and is never known to partake of food at a banquet. Whether he will serve another term as president rests with himself. The people want him to stay in office as long as he lives. "The City of Mexico is being made into a beautiful capital, much after the fashion that ex-Governor Shepherd employed in Washington. Late buildings of houses were torn down, and the costly National theater, a handsome building of large capacity, demolished in order to afford easy entrance to the Alameda, the great public promenade. Some gambling was occasioned, but the government will construct a new and more magnificent theater than the old one, and in the end the improvement will justify all the expense."—Washington Post.  
America's Enormous Coal Measures.  
The very first thing that attracts the attention of the European visitor is the enormous difference in the total area of the coal fields of America and Great Britain, namely the fact that nearly all of the British ones have been worked for so very much longer a period. The result of this is that most of the thick seams and those nearest the surface have been worked out, and while ten-foot seams are not unknown, nevertheless they are exceptional, and seams as small as twelve and fifteen inches are being worked. In America, on the other hand, the coal fields are practically untouched. At present only the thick and upper seams are being worked, and these to a large extent with perhaps little thought for future generations of mining engineers. Another very great difference between the coal fields of the two countries is that in Great Britain faults are frequent

ator gazed at me quizzically over the top of his glasses when I told him what I wanted him to do for me. "My boy," said he, still smiling at me in that peculiar sort of way, "you really want this done, do you?" "Certainly I do," I replied earnestly. "Otherwise I wouldn't request the favor." "Um. Want it done for yourself?" he inquired again. "For myself," said I. "Very well, my boy," said the senator, squeezing my hand cordially. "It'll be a bit bothersome, but I'm glad to oblige you. I have constantly refused to do this thing at other behests, but, as I say, I'm glad to be in the position to do you a favor." "Well, the thing was done forthwith. It wasn't until some time later that I ascertained that my genial, delightful friend, a crafty professional lobbyist, had toyed with me, and that he had received \$5,000 spot cash for having that little matter attended to through me."—Washington Post.  
FELT STIRRINGS OF GENIUS.  
But Young Man Had No Idea What It Cost.  
A New York paper says that Dr. Hillis, pastor of Plymouth church, recently received a request from a young man in the west, who said he felt the stirrings of genius within him, and asked Dr. Hillis to write a lecture for him, on "Hinsins," or "Grit." The young man said, "I am a better speaker than you are, but I have no lecture with which to get a start. The lecture must have intellect, wit, and some touches of pathos." Never dreaming that he would be taken in earnest, Dr. Hillis replied in substance thus: "I told him that a lecture of so high a quality would be a very expensive luxury. Intellect was a rare essence, I wrote, and that element alone in the lecture would cost a thousand dollars. Wit and humor were almost as precious, being like the attar of rose, of which the sweetness of a half-acre of crimson blossoms was swept into a single vial, and that the precious distillation of wit would represent easily \$500 more. As to the pathos, I told him that tears came higher than laughter, and reminded him that in the Book of Revelation they were so precious that each tear was counted and kept in a bottle, and that these tears, named pathos, would represent 500 round disks of silver in addition to the previous \$1,500. The sum total of the intellectual, humorous, and pathetic elements represented an expense of \$2,000, but in consideration of 'the genius stirring within' I would make him a special rate, and send him the lecture for \$1,500. To which came the answer: "Could you have the lecture ready by August 17 I have thought the matter all over and calculate that I could clear the \$1,500 in the first year, and all would be to the good thereafter. It must be understood, however, that you are never in any way to refer to the lecture as being yours." It is unnecessary to state that the lecture will not be written.  
CAMPERS COME HOME.  
Y. M. C. A. Boys Had Lots of Fun Roughing It.  
The tri-city camping party broke camp at Springfield yesterday afternoon after ten days of most successful recreation and sport. The boys were enthusiastic in their praise of the good time which the officers who had been in charge of the party had planned and executed for them. Several ball games were played during the outing, but the boys from Jacksonville seemed to be the strongest and gained many advantages over the Springfield and Decatur boys. On Wednesday the boys held an athletic meet. The events contested were: Tug of war, six men; 25-yard dash, 50-yard dash, 200-yard relay race, four men; standing broad jump; running high jump; hop, step and jump. The Jacksonville team was successful and won the meet, Decatur taking second.  
Cholera Infantum.  
This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by all druggists.  
The Butter Bitter Bought.  
Betty Botta bought some butter; "But," said she, "this butter's bitter! If I put it in my batter It will make my batter bitter, But a bit of better butter Will but make my batter better." So she bought a bit of better. Better than the bitter butter. Made her batter better, better. So it was better Betty Botta Bought a bit of better butter. —St. Nicholas.

SIMPLE SERVICES  
Mark the Burial of the Late Orlando Powers in Greenwood Cemetery Thursday Afternoon.  
SERMON BY REV. W. H. PRESTLEY.  
Beautiful Floral Offerings Cover the Casket—Favorite Hymns Sung.  
The funeral of Orlando Powers was held Thursday afternoon from his late residence, 317 West Decatur street. The services, which were largely attended, were conducted by Rev. W. H. Prestley of Newton, Ill. Mr. Prestley was formerly pastor of the First Presbyterian church of this city of which Mr. Powers was a member, and officiated in the absence of the present pastor, Rev. W. H. Penhalligon. The remains were enclosed in a copper case beautifully lined with tufted white silk and inclosed in a red cedar casket covered with black broadcloth. The outer case was mounted with extension handles of ebony and gold, each of the gold plates being engraved with a monogram. The inner case was closed with a full length beveled plate glass and the hinged cover was tufted in white silk and beautiful handwork roses and lilies filled the panels. Around the casket were arranged a profusion of beautiful flowers and floral designs. Among the latter was a large American flag of flowers from the employees, tenants and office of the Powers building; from the family, a beautiful pillow. The lilies were sent an elaborate design and there was a magnificent bouquet of roses from the Millikin bank. The music was rendered by a choir composed of Miss Noy Montgomery, Mr. and Mrs. Bert Gher and D. L. Rumm and the selections were all old hymns. The services opened with the singing of "Rock of Ages," by the choir, followed by a prayer and scripture reading by Mr. Prestley. "Asleep in Jesus" was sung and the address was given next. Mr. Prestley took as his text, Job 5:26: "Thou shalt come to thy grave in full age, like as a shock of corn cometh in his season." He spoke as follows: "We stand today in the presence of a long journey terminated. A life embodying almost the beginning of two centuries, of a volume whose title page was written in 1812 and whose flimsy was subscribed in 1902. "Think what changes have taken place in the agricultural, mechanical and commercial world in this life's period. In the sowing, reaping and gathering the crops of our fields, in the 'fences enlisted to take the place of muscle; of the facilities for speedy transportation of person and property from place to place, of the almost instantaneous gathering of news from all parts of the world to be reviewed by us at our daily morning meal. "Think of the rise of the nation from infancy to vigorous manhood, taking a place among the first class powers of the world; that can feed and clothe 71,000,000 of the world. Think of the millions of acres of wild prairie lands which have given place to fertile fields and of the development of the mining of gold, silver, copper, lead, iron and coal. "Here are eyes now closed which could look back in panoramic view and have seen it all. It is one thing to have the lines of such an evolution read from the page but it is an entirely different thing to be able to recall the same thing as impressed upon the tablet of individual memory. He knew of these developments not by hearsay, but because he was a witness of it all. "So much for the surroundings of the man. We come now to speak of his efforts and of the effects as impressed upon his moral, mental and spiritual nature. HIS CHARACTER. The minister referring to Mr. Powers' life drew a parallel of the growth of the grain and the development of the mind and spirit and of all these faculties within the reach of this life. The minister said: "This life had passed the sunshine and the cloud, it had known peace and trouble, it had known the cup of pleasure and the bitter cup of sorrow. It had known the life enriched by the gift of wife and children, and had known the grief of separating from beloved wife and idolized child. "All these things go to influence the formation of character, which is the great thing after all, as it is not the character that is given us but the character that we make ourselves which makes the real impression on the hearts and minds of our fellow men and associates in our homes, in the social life and in the business world. Mr. Prestley went on to tell of the long and useful life of Mr. Powers, of the many things which he had accomplished and of the things he had done to advance Decatur and make it the city that it now is. He also spoke of Mr. Powers' quiet and unassuming way, unobtrusive in his liberality and of such a quiet nature that one might know him for weeks and not be acquainted by any act or word as to his condition in life. The minister said: "From what I know myself and glean from others and in quoting the papers I can say that no man on this planet has done as much for his fellow men as Mr. Powers. He has left a hard bargain." After the address there was a closing prayer and the choir sang "Abide With Me." FUNERAL PROCESSION. The employees of the Powers building attended in a body and escorted the funeral car to the cemetery. In the carriage following were Dr. John
